# DOG AND CAT LICENSING
## Protect your Pet: Be a Responsible Pet Owner

### Benefits to getting your dog licensed:

- If your pet is wearing a license tag and it gets lost or goes missing, licensing increases your chances of finding your dog. Dogs that are licensed will be returned quicker and have a better chance of being returned than those that are unlicensed.
- Licensing helps prevent a rabies outbreak.
- You avoid receiving a fine. (If you own, have custody of or otherwise harbor an unlicensed dog, you may be charged a fine of up to $500).
- License revenues will continue to benefit animal services in our community. The fees collected are also an important funding mechanism for the Marathon County Humane Society operations, including shelter for homeless animals, community education and cruelty and neglect investigation. These revenues will also be used to partner with area communities to create an animal control division which will free officer time for other crime and enforcement related duties.

### Benefits of getting your dog and cat microchipped:

- Microchips take identification a step further as they do not fall off, wear out, or get scratched up like tags and collars can. Plus, the alphanumeric code is unique to your pet. All veterinary clinics and shelters in the United States (and many other countries) have universal scanners that read these codes regardless of brand. An international database then matches you with your pet.

### Obtaining a license:

- The Village has partnered with Petdata, Inc. to increase the cost effectiveness of the program. We have provided convenient methods to obtain a license.
- Send the pet application by MAIL – Make sure to include a copy of a current rabies certificate.
- You may license your pet ONLINE – go to www.petdata.com – You must fax, mail, or email a current rabies certificate.
- You may license your pet ONLINE at the Weston Municipal Center using our Kiosk at the front counter. If you need assistance, Village Staff will be available to help.
