Addenda 1 to RFP for Master Plan for Machmueller Park

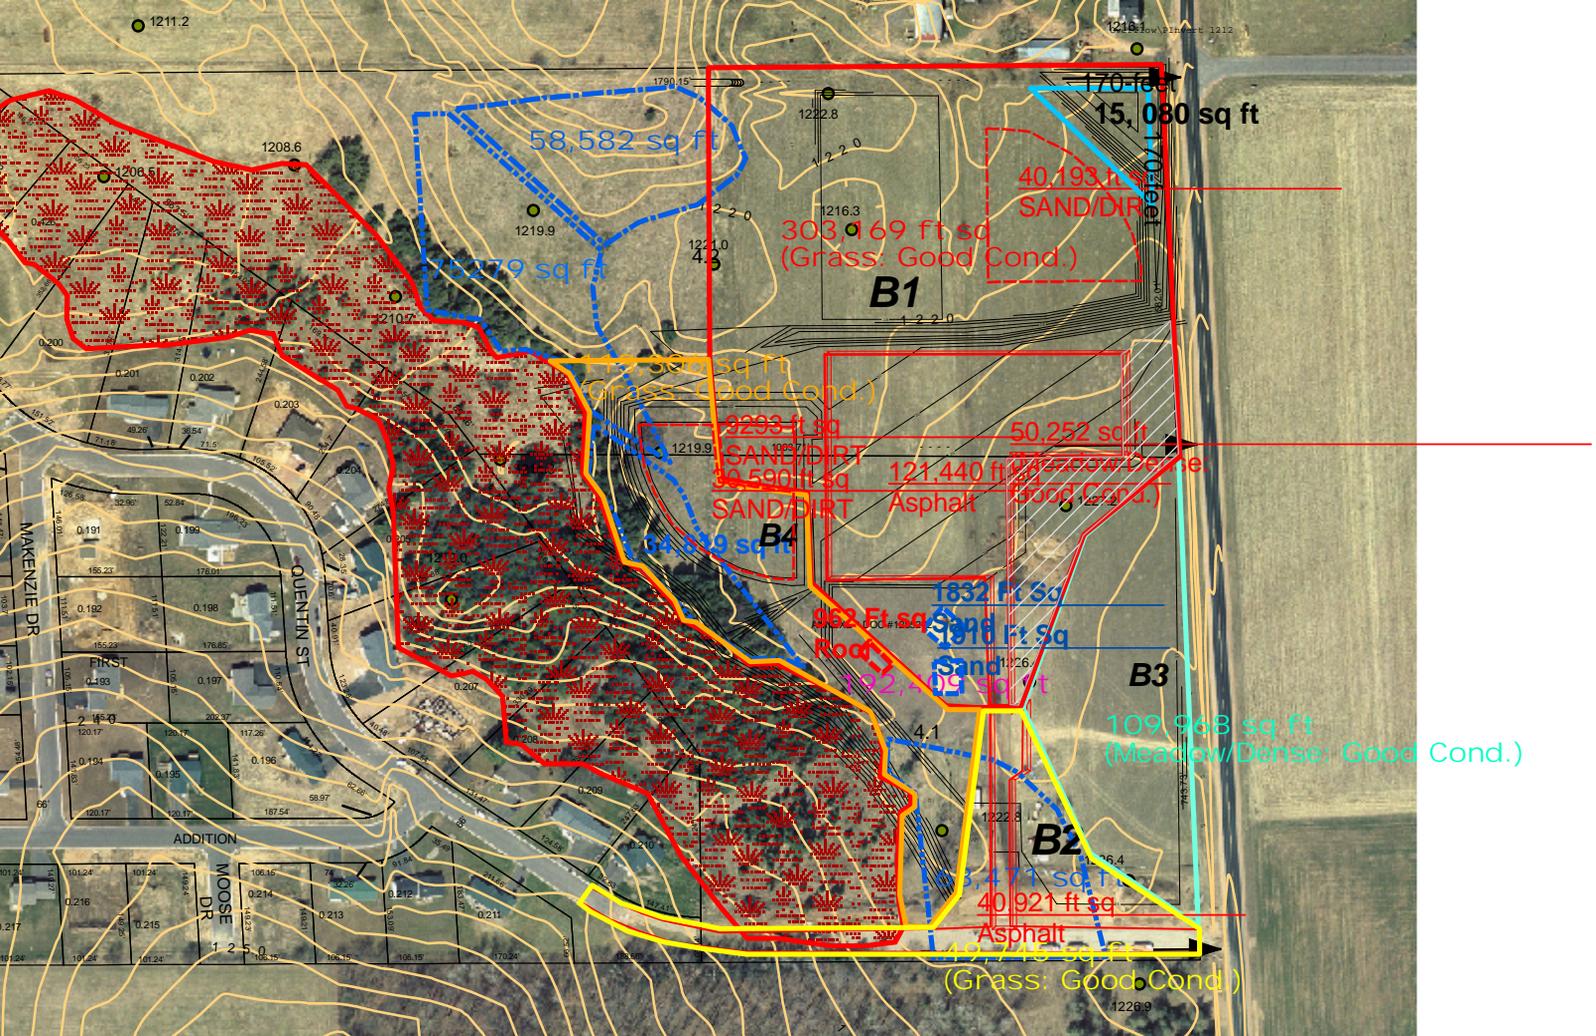

Questions and Responses to Consultants

1. Do you have a topographic survey of the site, or will we be utilizing an aerial for the master plan development?
 2. We haven't had it surveyed since the late 1990's and unfortunately, we are unable to locate that information. We do have a PDF that does have elevations on it but are not sure if it will help otherwise an aerial would be used. The PDF with elevations is included below.

2. How many public/community meetings do you anticipate?
 2. That would be up to the consultant to determine what they need to get the necessary feedback from staff, officials, and the public.

3. What level of public input is anticipated for this effort? Identifying potential uses only, or is a draft review/comment effort desired?
 2. That would be up to the consultant to determine what they need to get the necessary feedback from staff, officials, and the public.
 2. A draft review/comment would be desired.

4. Has a budget been established for this planning design work? Is there an anticipated construction budget or is this plan intended to identify?
 2. We have funds available from our Park Impact Fee that we anticipate will be used for this design work.
 2. The plan is intended to identify the budget for construction.
