Addenda 2 to RFP for Master Plan for Machmueller Park

Questions and Responses to Consultants

1. Can you explain in more detail your expectations to the term “Graphic” Master Plan?
 2. Identify existing facilities and potential improvements to this property along with Village input. Provide concept and final master plan layouts for the site, utilizing the space in the best manner and submit cost estimates for all improvements.
2. We noticed a site plan for this park within Chapter 7 of the Village’s Comprehensive plan. (See below) Is this the most recent park plan for this site? Is there still interest in 16 pickle ball courts?

- 2. Yes, it is the most recent site plan. Still interested in pickleball courts just not tied to 16 courts.
3. Is there a budget number set for this project? Is so, what is it?
- 2. No specific budget number has been set. We have funds available from our Park Impact Fee that we anticipate will be used for this design work.
