Addenda 4 to RFP for Master Plan for Machmueller Park

Questions and Responses to Consultants:

1. Is there existing geotechnical information available that can be shared?
The Village does not have any.
2. Are there specific stakeholder groups or users you would like interviewed?
Identifying these groups will help plan and budget for the community engagement task.
We anticipate four user groups, but do not have specific groups identified.
3. Are 3D renderings expected as part of the deliverables?
No, 2D would be acceptable.
4. Would completion of this planning effort position the selected firm for potential future services, such as design, bidding, or implementation of improvements identified through the process?
No, completion of this plan does not guarantee future contracts related to the project.
5. The Comprehensive Outdoor Recreation Plan contains a Capital Improvement Schedule identifying proposed improvements and corresponding estimates. Has the approach for proposed improvements changed or is the goal to reevaluate the proposed improvements as it relates to this RFP?
To reevaluate the proposed improvements as it relates to this RFP.
6. Is the allowance identified for the Park Master Plan in the Comprehensive Outdoor Recreation Plan the allocated budget for this RFP?
No.
