**3-Day WI Valley Fair Ticket Blood Drive, at
Dale's Weston Lanes, 5902 Schofield Ave.**

Unfortunately, with some blood types, Versiti has less than a one-day inventory on hand – far less than the three-day inventory that is needed.

With more people getting vaccinated and getting out of their homes, attention has shifted away from blood donation. Yet meanwhile, with more activities picking up outside the home, hospitals are requiring more blood to treat patients. The convergence of the two is creating an challenging situation – a shortage of much-needed blood.

All donors will receive a Wisconsin Valley Fair ticket as our thanks!
